

S.O.S. FLUID ANALYSIS

S.O.S. Fluid Analysis gives you the inside story. Taking fluid samples is quick & easy. With Toromont's analysis and concise reporting, you can better track equipment health, optimize equipment performance and control service & maintenance costs.

Like all of Toromont's services, the S.O.S. program is a mutual commitment to protect the performance and value built into your Cat equipment. The S.O.S. program offers you valuable resources for better equipment management. Working together with Toromont, you can take the simple process of fluid sampling and combine it with state-of-the-art analysis and clear, easy-to-understand reporting to create not only optimized machine performance, but also improved cost control.

Highly trained S.O.S. Fluid Analysts know your Cat equipment better than anyone and will back up your analysis with maintenance advice and service recommendations. S.O.S. Fluid Analysis benefits:

- Sophisticated analysis – Toromont offers the most comprehensive oil and coolant analysis available.
- Sampling kits make it easy – We can supply complete sampling kits, plus training for your people.
- We can do it for you – Sampling and analysis can be included in a Customer Support Agreement.
- Electronic Reports – Timely reports and recommendations can be delivered online.
